The Problem

<table>
<thead>
<tr>
<th>Business needs app developers</th>
<th>Schools need instructors</th>
</tr>
</thead>
<tbody>
<tr>
<td>They need tailored skills</td>
<td>Instructors need training</td>
</tr>
<tr>
<td>They don’t have time or desire</td>
<td>Schools need curriculum</td>
</tr>
</tbody>
</table>
The Solution

A professional services practice
Tailored skills analysis using *Performance Based Objectives*
Custom curriculum development
Instructor sourcing and training
Apprenticeship Contracts

Business needs app developers
They need tailored skills
They don’t have time or desire

Schools need instructors
Instructors need training
Schools need curriculum
ADHD

We used to call it Genius!
