Perkins V

The Perkins Act was reauthorized in 2018, renaming it *Strengthening Career and Technical Education for the 21st Century Act* (Perkins V).

Purpose: to develop more fully the academic knowledge and technical and employability skills of secondary education students and postsecondary education students who elect to enroll in CTE programs.

Reauthorized to provide greater alignment between education and workforce programs (e.g. ESSA, WIOA), emphasize career pathways and educational equity, and to create stronger local partnerships.
